

Wulff Contract has great track record installing new window coverings in Choice Hotel properties.

Our Quality Inn window coverings are made to stand the test of time. We just replaced drapes in a Quality Inn in New Mexico that we previously installed in 2002! The drapes, though dated in color and design, were still in perfect condition. We can make the new QI designs or we can make custom designed window coverings.

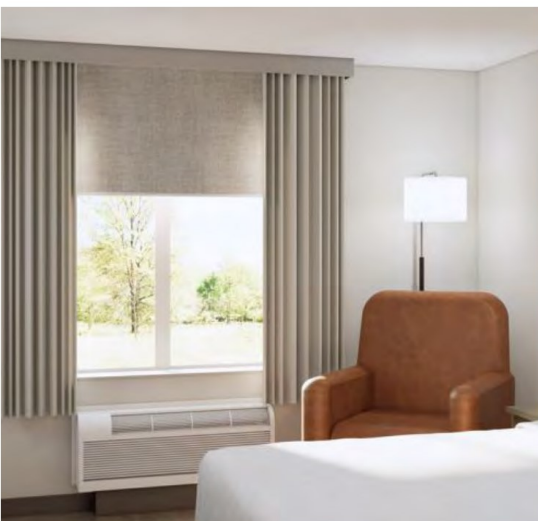

And we can fabricate all your custom sized and custom design BOH and Common Area Window Coverings as well. We field measure every window so every window is perfect. And we have the best installers.

There are 3 good layouts. Sheer drape over a blackout drape, a decorative fabric blackout drape over a standard sheer, or decorative fabric blackout drape over a roller shade sheer.

Or you can do something more custom, which we can certainly accommodate!
